

Accessories

PORSCHE

(A) Rear Deck Luggage Rack

Increase your carrying capability when you mount our handsome luggage rack on your Porsche's rear deck. The rack is chrome plated and reinforced with sturdy brackets. We suggest the addition of a right side view mirror (mandatory in some states) to improve rear visibility when your luggage rack is being used. 🚗

(B) Bumper Guard Rails—Front and Rear

Heavy gauge steel tubing with custom finished chrome surfaces, protects coachwork and helps prevent bumper over-riding. Designed and fitted to compliment styling. 🚗

(C) Mag Wheels

Made of lightweight cast magnesium alloy. These wheels come in 8 or 10 spoke sizes and are designed to enhance performance and beauty. Porsche 914-4 takes 8 spoke wheel, 914-6 takes 10 spoke wheel. Please specify when ordering. 🚗

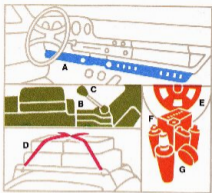

(D) Racing Stripes

Racing stripes make your Porsche look like the competitor it is. There's a stripe kit for the side panels, 3½" wide with the Porsche name. A second kit provides stripes 2½" wide for the rear deck area. Each is made from high quality, colorfast material for long wear. Your choice of white or black. 🚗

(E) Tail Pipe Extension

This chrome plated accessory gives the exhaust pipe a bright look. Easily installed. 🚗

(A) Air Conditioner

An efficient cooling unit requiring relatively little power. Has quiet 3-speed blower; automatic temperature control; adjustable louvers permit unrestricted circulation. 🚗🚗🚗

(B) Center Console

Designed for your 914-4. Armrest swings up to reveal a handy compartment. Console also includes 2 electrical convenience switches and a mounting panel for extra accessory instruments. 🚗

(C) Vinyl Covered Gearshift Knob

This handsome black vinyl gearshift knob has an enameled inset with your choice of 4-speed or 5-speed shift pattern or the Porsche Crest. 🚗🚗🚗

(D) Luggage Spider

Extra rugged construction allows this spider to hold luggage or other cargo securely. Can be attached and released in seconds. 🚗🚗🚗

(E) Mag Type Wheel Covers

The look of mag wheels, at lower cost. They're aluminum painted, resistant to rust and corrosion. 🚗

(F) Batteries

Engineered to Porsche standards. Rugged case prevents leakage and corrosion. Designed to assure quick starts and lasting power. Specify 6 or 12 volts. 🚗🚗🚗

(G) Cleaners, Waxes and Polishes

A large assortment of cleaning and waxing products to fit every need. These easy to use, quality products will help preserve the life of your Porsche's finish. 🚗🚗🚗

(A) 9115 Instruments

These gauges give you accurate, easy-to-read information on your engine's lubrication system, its functioning properly. These gauges show you accurate readings on oil pressure, temperature, and battery. Standard on "L" and "S" models. **Mustang**

(B) AM-FM Radio

Transistorized AM-FM receiver with push button tuning. Made expressly for Mustang. Solid state reliability and instant response. **Mustang**

(C) Leather Covered Steering Wheel

Top grade buck leather. Precision stitched over wheel spokes and hub. The leather adds luxury, safety and comfort. Standard on "L" and "S" models. **Mustang**

(D) Coax Floor Mats

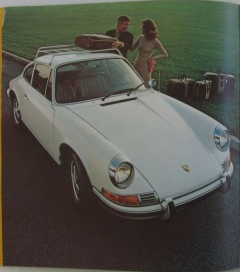

Made of top quality coarx fibers, tailored to the contours of your car's interior. Very durable. Easy to clean. Available in a variety of color combinations. **Mustang**

(E) Lockable Front Trunk Release

Heavy duty chrome-plated locking unit that requires standard remote key. Provides extra security for your valuables. Standard on all Mustangs. **Mustang**

(F) Walnut Gearshift Knob

This elegant looking, hand-crafted gearshift knob has an engraved "Mustang" and "Ford" logo. Standard on "L" and "S" models. **Mustang**

(A) Roof Mounted Luggage Rack

Let you take lots of luggage without taking up space inside your Porsche. Fastens securely to roof panels, gives in and off quickly and easily. Built made of heavy gauge steel tubing, chrome plated and welded for extra strength. **1000-0000**

(B) Aluminum Fender Strips

Pre-worn fitted, high grade anodized aluminum edges to protect fenders against rocks and scratches. Add a nice accent to the profile of your Porsche. **1000-0000**

(C) Chrome Rocker Panels

Worn finished chrome panels protect from wheel, exhaust system corrosion and flying rocks. Add a nice extra dash to you 911. **1000-0000**

(D) Radial Tires

Our tires are especially built for Porsche specifications and are available in a variety of types. Regular or dual wheel, with or without studs, as well as high performance options designed for racing speeds. These tires are big tires with extreme high mileage with exceptional road handling and stopping capabilities. **1000-0000**
